Stewardship Bulletin Reflection  
August 4, 2019

Today's Gospel passage comes as a pat on the back from Heaven for all of us striving to live a stewardship way of life. It reminds us why we live the way we do and why we make the choices we make. Let's face it, if we truly embrace this way of life, there will be people who find our choices — based on serving God and others — downright foolish. But let's see what God thinks. Spoiler alert: turns out Christian stewards are not the fools!

In this passage, Jesus makes it clear that life is not about "stuff" as he tells the parable of the wealthy businessman who thought he had everything figured out. The man had such an abundance of stuff that he didn't have room to store it all. So, thinking of earthly things and not on what is above, he decided to build a bigger place to store all that stuff. Patting himself on the back, he thought about what good times he would have in the years ahead. But, Jesus tells us that day would turn out to be the man's last day on the earth. And he had spent it thinking only of himself. How foolish!

Don't be ashamed of living differently from the people around you. Be confident as you set priorities based on what is above. You are wise in God's eyes, Christian steward. And you will be rich in what matters most.

**Teachers..**

You have or will have soon, your class roster. Know this, the children in your classroom, is no accident. You are in their lives for a reason and a divine purpose. You are the difference. You!!

**Its about that time...**

Back to School Night August 15th. There is evening Mass for The Assumption Of The Blessed Virgin Mary at 5:30pm. Immediately following Mass we will gather briefly in the Parish Hall. Then everyone will have a chance to bring their supplies to the classrooms & say Hello! to the teachers. Its a fun filled night. Summer was great, but we are looking forward to seeing all of the kids again.

**The Benefits of Tithing**

What are the benefits to tithing? The satisfaction from gratefully sharing your blessings is tremendous.

- 1) When you take a hard look at your spending and plan to make God first in your budget you quickly begin to realize the difference between what you need and what you want.
- 2) You begin to eliminate the endless clutter of material wants from your life and start to more fully appreciate the many blessings you already have.
- 3) You realize commercialism works to convince us we never have enough of the right things, even though God has already blessed you with all you need.
- 4) You stop being "consumed by consumerism" and "possessed by your possessions" and begin to slow down and prioritize not only how you spend your money but also how you spend your time.
- 5) Once you stop trying to satisfy yourself with material possessions and spending, you find enjoyment in simple pleasures – especially time to deepen your relationships with God, with loved ones and with your community.
