Advance Stewardship Reflection
October 13, 2024
Twenty-eighth Sunday in Ordinary Time

In our Gospel today we hear the story of a man who ran up to Jesus and asked Him what he must do to reach eternal life. Jesus said, "You are lacking in one thing. Go, sell what you have, and give to the poor and you will have treasure in heaven; then come, follow me."
It says the man went away sad because he had much.
We might cringe when we hear this story because it is sad — this man was so close to becoming an active disciple of Jesus, but instead turned away. We also might cringe because it could be deeply applicable to our lives. Jesus states that, "It is easier for a camel to pass through the eye of a needle than for one who is rich to enter the kingdom of God." One of the metaphors for the "eye of a needle" was a tight passageway into Jerusalem that people had to enter to get into the city. In order for their camels to pass through, they had to remove whatever the camel was carrying, only then, could they enter. If we look at our own lives, we can most likely think of something that we tightly carry with us. Maybe it is possessions — material goods or money — like Jesus references in our Gospel. Or maybe it is something less material — like status, pride or control. Jesus doesn't want our stuff — our job promotions, our designer house or our bank account. He just wants us. So, we need to be willing to strip those things from our lives in order to reach Him. It might seem difficult, but the outcome will be more than we could have ever imagined — peace on earth and treasure in heaven.

Please Pray for: the end of abortion and all sins against life.

More than a century ago a proud university student boarded a train in France and sat next to an older man who seemed to be a peasant of comfortable means. The brash student noticed that the older gentleman was slipping beads through his fingers.
He was praying the rosary.
"Sir, do you still believe in such outdated things?", the student inquired.
"Yes, I do. Don't you?" the man responded. The student laughed and admitted, "I do not believe in such silly things. Take my advice. Throw the rosary out the window, and learn what science has to say about it."
"Science? I do not understand this science. Perhaps you can explain it to me," the man said humbly, tears welling in his eyes.
The university student noticed that the man was deeply moved. To avoid hurting further the older person's feelings, he said, "Please give me your address and I will send you some literature to explain the matter to you." The man fumbled in the inside pocket of his coat and pulled out his business card. On reading the card, the student lowered his head in shame and was speechless. The card read: "Louis Pasteur, Director of the Institute of Scientific Research, Paris." The deluded science student encountered his country's leading chemist and bacteriologist.
You could have heard a pin drop.

Padre Pio is known for referring to the most holy Rosary as a weapon: Padre Pio would fill any spare moment he had with the recitation of the Rosary. Oftentimes, he would pray the Rosary without people knowing.
"Love the Madonna and pray the rosary, for her rosary is the weapon against the evils of the world today. The rosary is the weapon for these times".

Beginning October 31st thru November
